I actually really enjoyed Maria V. Snyder's Touch Of Power and was pleased with where the book went and how the plot played out. I whipped through this book in no time as well because I found the disease and the political struggle between the different realms very compelling, not to mention the slow burns ALL OF THEM.

Seriously. So. Good. Maria V. Snyder really knows how to craft the perfect stories. Honestly, if you haven't read any of her books yet, you're missing out!! review 2: I liked the idea of this book more than the actual book. The explanations of the 11 magic and the healer's touch fascinated me more than the storyline.
